ITEMS OF INTEREST.

Israel Hunsaker of Honeyville was a Garland visitor Monday.

Frank Boothe of Brigham City made a business trip to this city Wednesday.

Prof. C Christensen of Brigham was in this city on business Tuesday and Wednesday.

Paul Stark of Brigham came to our city Wednesday in the interests of his farm east of this city.

Mrs. Seretha Smith, wife of R. Smith an employee of Parry's meat-market, went to Brigham Monday to visit relatives and friends.

Leon Morgan of Rigby, Idaho, has secured the position of blockman in the Parry meat market and is an expert in his line.

The American hens laid twenty billions of eggs last year.

Mr. and Mrs. James Bone have concluded to shake the Bear River mud from their feet and take up their residence at Grand Junction, Colorado.

James C. Leary's man took away from the sugar factory two cars of fat sheep for the Salt Lake market last Tuesday. The sheep fattened on beet pulp generally tops the market.

Mrs. A. Murie, the milliner, returned the latter part of last week from a business trip to Salt Lake and the East where she has been looking over the spring stock and purchasing goods for the season.

Monah Evans went to Provo the early part of the week to see his sick brother George, who is in a very critical condition. It is hoped however that with first-class medical aid and good nursing at the hospital he will pull through.

Word has reached us that Mrs. Evelyn Peterson, youngest daughter of Mrs. Martha Wins of Lehi, is seriously ill from the effects of peritonitis. Her many relatives and friends here hope for her speedy recovery.

A Good Ratios for Horses.—Approximately ten pounds of oats, five pounds of corn and three pounds of bran, divided into three equal feeds, make a day's ration that cannot be much improved upon. The relative amount of corn can well be increased during the winter months, and for the sake of variety it may be omitted at the morning meal and fed at noon. The weight fed at each meal should be kept at about the same and for the evening meal crushed oats should, if possible, be substituted to the whole grain, along with the bran and a few handfuls of hay, fed wet and salted enough to make it palatable. Horses soon become very fond of this food and this alone aids digestion.—Ex.

A Habit to Be Discouraged.
The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy, saves herself a great amount of anxiety. Coughs, colds and croup, to which children are susceptible are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to little ones with a feeling of perfect security. Sold by W A Ray.

After the Doctor

After the physician has made a careful study of a case and has decided upon the remedy necessary to cure, the responsibility of the pharmacist begins. The remedies prescribed must be pure, of standard strength, and must be accurately compounded.

Our appreciation of this responsibility is shown by the rare stock of prescription drugs we carry and by the modern scientific methods employed in our prescription department. Your physician will be pleased if we fill his prescriptions.

The Garland Social Hall has received a beautiful coat of paint in the color of light oak. The artist is our fellow townsman, G S Mowry, who is also to paper the walls which will add greatly to the beauty of this already popular amusement hall.

Town President W H Rowe went to Salt Lake last week suffering from a severe cold. He was confined to his bed for two or three days for the first time in his life. His many friends will be glad to know that he is himself again and will be found at his usual haunts.

The Kansas corn crop was valued at \$75,000,000 last year. Greatest crop in value ever raised in this state.

Itching Piles
If you are acquainted with anyone who is troubled with this distressing ailment, you can do him no greater favor than to tell him to try Chamberlain's Salve. It gives instant relief. This salve also cures sore nipples, tetter and salt rheum. Price 25 cents. For sale by W A Ray.

With no less than 127 Massachusetts village improvement societies, the farm yards, lawns and village places in the old Bay State should fairly shine.

The "Other People's Money Company" presented a pleasing comedy at the Amusement Hall Monday night. The attendance was comparatively small for this season of the year but all present were pleased with the show. The characters were well sustained and the amusing features of the performance created considerable applause.

Town Killers.
Town killers are classified into eight separate branches as follows:

First, those who go out of town to do their shopping; Second, those who oppose improvements; Third, those who prefer a quiet town to one of vim and enterprise; Fourth, those who imagine they own the town; Fifth, those who deride public spirited men; Sixth, those who oppose every movement that does not originate with them; Seventh, those who oppose every movement that does not appear to benefit them; Eighth, those who seek to injure the credit or reputation of individuals.—Ex.

Lame Back
This ailment is usually caused by rheumatism of the muscles and may be cured by applying Chamberlain's Pain Balm two or three times a day and rubbing the parts vigorously at each application. If this does not afford relief, bind on a piece of flannel slightly dampened with Pain Balm and quick relief is almost sure to follow. For sale by W A Ray.

Veterans who have spent a quarter of a century closely identified with poultry interests, admit that they still have lessons to learn.

William Cutler, son of T. R. Cutler was brought down from Idaho to the L. D. S. Hospital at Salt Lake, where he was operated upon for appendicitis last Saturday. He has been troubled with this for some time. Last report was that he was getting along very nicely and that the operation was successful.—Lehi Banner.

UNCLE—"I dare say when I take you home again, Charlie, your mamma will have a nice present for you. What would you like best, my boy—a little brother or a little sister?" Charlie (after some hesitation)—"Well, if it makes no difference to me, I'd rather have a little pony."

A peculiar condition exists in the railroad service between Salt Lake and Garland. A man leaving at 7 a. m. and reaching Garland at 10:50 a. m. is compelled to buy three separate tickets, one from Salt Lake to Ogden; one from Ogden to Corinne and one from Corinne to Garland; also necessitates the changing of cars at Ogden and Corinne. It does seem to us that the Railroad Company could at least sell through tickets. Because of the close connection it is sometimes almost impossible to buy a ticket in time to catch the 8 P. train for Corinne. We are of the opinion, however, that a through passenger train will be put on between Salt Lake and Malad City. If such is the case no one will complain of the temporary inconvenience.

LOCAL MAILS.
MAILS ARRIVE.
From South 11:00 a. m.
MAILS CLOSE
Going South 3:05 p. m.

STAR ROUTE.
Mails arrive from Penrose and way at 10:00 a. m. and leave for Collinston at 10:30.
Mail returning from Collinston and way arrive at 3:00 p. m. and leave for Penrose and way at 3:10 p. m.

O. L. Wilcox,
Postmaster.

Joe Trigg, the eminent agricultural writer, says: "The inordinate love of the dollar too often makes men unpatriotic and disloyal to the town and community in which they live. To save a little they will send away from home for supplies, refuse a dollar toward public improvement in their town, belittle and degrade home enterprise and yet be the first to advance the price of their property as a result of the patient, self-sacrificing work of others. Loyalty to your town is just as commendable a type of patriotism as one can find and no matter how much your patriotism boils over on the 4th of July in a general way, if you are disloyal in little things to your own town, you are a poor citizen."—Ex.
